Clemens Kaletsch

Clemens Kaletsch was born in 1957 in Munich and studied from 1976 to 1985 at the College of Applied Arts and the Academy of Fine Arts in Vienna and Innsbruck.

Since 1988 he lives and works in Cologne.

We are pleased that Clemens Kaletsch, once transposed, his powerful and impressive technique on glass so the manifold possibilities of transmitted light and reflected and stripe light expanded the visibility of its work.
